

Intelligent Endo Motor

1:1 Contra-angle | Ai intelligence

360° Rotary head | Motor imported from Japan

Technical parameter

Brushless All-in-one

Power Adapter	AC100-240V	
Torque	0.6N.cm-4.0N.cm	
Rotate speed	120rpm-1000rpm	
REC adjustable angle	30° ,60° ,90° ,150° ,180° ,210° ,250° ,370°	

Intelligent connect with Apex locator
A intelligent root canal preparation Efficient and safe

Reverse in case of Resistance
Automatically reverse while meet resistance More safety and high efficient

Ball bearing contra angle
Transmission efficiency > 90% Stainless steel material for better performance and strength

360° Rotary mini head
unobstructed view For different teeth positions. more flexible

Core algorithm
Real-time feedback on speed and torque output, Intelligent reversal

Japanese motor
Silent & Comfortable
More stable
